Welcome to

COUNTRY PARK PORTRAITS & OUR SIGNATURE PORTRAIT COLLECTION

Country Park Portraits uses skill & passion to tell your family's story. With an upbeat, relaxing atmosphere we'll guide the entire family through a portrait experience that will bring out the best in everyone...especially the children. The art of photography is more than just lighting and composition. It's knowing when to anticipate fun, inspiring moments!

At Country Park Portraits we have poured our heart and soul into creating a Signature Portrait Collection that rivals the old master artists. We bring our years of experience from developing film portraits in the dark room to studying with great artists from all over the world into each of our sessions to create your own priceless piece of portrait art.

Give us a call and experience the artistry that makes us one of the most highly sought after portrait artists in the Nation. 281-398-8707

THE COUNTRY PARK PORTRAITS

Experience

“ Sam creates amazing portraits that immediately become family heirlooms and works of art for your home. All of our children's milestones have been captured by Country Park Portraits. We return to Sam for every milestone and continue to build our collection of captured memories. Sam works so well with the kiddos to get their personalities to come out during the sittings. He works well with the parents in the showings and helping to select the perfect portraits. Country Park Portraits exceeds our expectations every time. ”

A look at our SIGNATURE PORTRAIT FINISHES

All of our portraits are expertly crafted and meticulously hand finished for uncompromising quality. Each 11x14 **Marquis** portrait and larger is mounted on artist board to preserve the piece. It is then sealed with a protective glaze for a life-long protection.

You will not find a higher standard than our **Regal** portrait finish. The portrait is embedded into fine canvas creating a piece with special dimensional qualities and brilliant color rendition. This heirloom is then sealed with a crystal clear glaze finish for protection that will last for generations.

The **Bellson** finish is our most unique finish. The process in which these images are printed is much like how a Giclee (Gee' clay) is printed. The image has all tonalities and hues like an original painting. The piece comes finished in a black 'floating' frame and makes for stunning groupings.

For those discerning clients who like the style and feel of a free-hand painting, we offer our **Imperial** finish. Our artists use brush strokes to create

a stunning Painter Portrait. The result is a finish that rivals oil paintings and gives a realism of a photo that feels as if it was hand painted.

Each piece is a one-of-a-kind work of art, and is signed by your portrait artist. Our process takes 4-8 weeks to produce such quality by hand.

Custom Framing is available for all sizes and is highly recommended for all wall portraits.

GIFT SIZES

personal, album, desk and gift sizes
from \$69-135

WALL PORTRAITS

from \$319 to life size.

COLLECTIONS & PANELS

A COLLECTION is a grouping of 2 or more images that can be displayed together on a wall or spread throughout your home.
